SECTION 1

INTRODUCTION

The Post Falls Urban Renewal Agency is accepting proposals from qualified firms of certified public accountants to provide financial consulting and audit services to the Agency beginning with the fiscal year ending September 30, 2026, with the option of continuing consulting and auditing services for the two (2) subsequent fiscal years.

OVERVIEW OF HERMISTON

Hermiston is a progressive, growth-oriented urban/retail/medical center for an area based economically on agriculture, food processing, transportation, utilities and other light industry. In 2023, Hermiston continued to grow as the largest city in Eastern Oregon, with a population of 19,973.

Hermiston is located in the northwest corner of Umatilla County in northeast Oregon and is centrally located between the major cities of the Pacific Northwest. Located just 185 miles east of Portland; 176 miles southwest of Spokane, Washington; 249 miles southeast of Seattle, Washington and 251 miles northwest of Boise, Idaho, Hermiston is a transportation hub accessed by Interstate Highways I-84, east to west, and I-82, north and south, and numerous feeder highways. Hermiston lies one truck day from seven western states and two Canadian provinces. In addition, the City operates a local municipal airport for light commercial and private use and there are Regional Airports offering full commercial services 30 minutes away at Pendleton, Oregon and Pasco, Washington.

The City is a full-service municipality that operates under a council/manager form of government. The elected City Council consists of the Mayor and eight Councilors. The Council sets policies for the city government, enacts ordinances and hires, directs and evaluates the city manager. The city manager is the City's chief executive officer, responsible for overall management and administration.

Municipal services are provided by City employees and headed by the city manager. The City operates a police department, a municipal court, water, sewer, electricity and stormwater utilities, street operations, planning, building, library, parks and recreation, community center, and senior services. The City also provides information technology services to regional agencies on a contract basis. The City has one component unit, the Hermiston Urban Renewal Agency (Agency)

The City utilizes Caselle accounting software for accounting, utility invoicing and financial reporting. The City prepares its financial statements using a modified accrual basis of accounting. Under this basis of accounting, the City recognizes assets, liabilities, net position/fund equity, revenues and expenditures when they result from cash transactions with a provision for capital assets and depreciation, recognition of long-term debts, and utility deposits.

The most recent audited annual financial statement and budget documents are available upon request or can be found on the city's website (https://www.hermiston.or.us/finance/page/budgetfinancial-reports).

The City of Hermiston anticipates that it will continue to submit its Annual Comprehensive Financial Reports (ACFR) to GFOA for the Certificate of Achievement for Excellence in Financial Reporting. The format of the audit reports must allow the City to meet the requirements of that program. This will also require that the Auditor ensure that the audit report and financial statements are completed in time for this submission.
